PHT PUMP

Compatible with Desjoyaux® block*

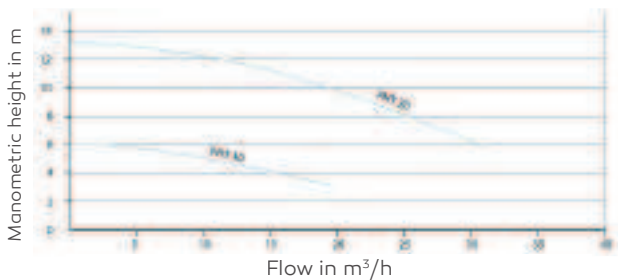

FEATURES

- Special high ambient temperature resistant motor = 65°C. Designed and built to withstand heat, particularly in the case of underground plant rooms or filtration blocks (little or badly ventilated), or those exposed to the sun or subject to the heat of summer.
- 4-Colour printed packaging for better visibility. Optimised pump protection by adding expanded foam inside the box.

BOX DIMENSIONS:

- 36 W x 26.5 H x 24 D cm

PHT 10 - 0.4 kW

PHT 20 - 1.1 kW

*Important: The DESJOYAUX® brand belongs to third party. It is only used to inform trade customers about the PHT pump's compatibility with this brand and its Desjoyaux® Block product. The use of the brand is not intended to suggest that the products described would be identical to the products and facilities marketed under the brand mentioned, or that there is a link between ACIS, the manufacturer of the PHT pump, and the owner of this brand. As a pumps manufacturer, ACIS guarantees that a replacement in accordance with the supplied mounting rules, does not affect previous performance.
